

Brief CV

Name	Fu Chao	中文名	付超	
Gender	Male	Title (Pro./Dr.)	Dr	
Position (President...)		Country	China	
University/ Department	China university of petroleum			
Personal Website	None			
Research Area	Welding ability of high grade pipeline steel			
Brief introduction of your research experience:				
<p>I graduated from China university of petroleum, major of materials science and engineering in 2011. Currently I am studying in power engineering and thermal physics professional on-the-job Ph.D. Main research area is about high grade pipeline steel weldability and low temperature embrittlement mechanism of heat affected zone. The research of X80 steel welding heat affected zone embrittlement mechanism in extremely cold temperatures is supported by the National Natural Science Foundation of China and ZiBo city technology incubator scheme.</p> <p>More than 10 papers was published, and 1 utility model patents, 1 invention patents.</p>
