

Brief CV

Name	Junlong Li	中文名	李俊龙	
Gender	Male	Title (Pro./Dr.)	Pro.	
Position (President...)	Associate Professor	Country	China	
University/ Department	North University of China			
Personal Website	/			
Research Area	Nanoparticles; Energetic materials; Nanocomposite materials			

Brief introduction of your research experience:

My research experience include the preparation and properties of ultra-fine energetic material, production of nanoscale explosives by Rapid Expansion of Supercritical Solutions (RESS), completion of nanometer HNS by the prefilming twin-fluid nozzle assisted precipitation method, preparation of ultrafine CL-20 particles by ultrasound and spray assisted precipitation method. My recent research works going on the preparation of energetic nanocomposite granules.
