

Brief CV

English Name	Liang Zhang	中文姓名	张亮	
Gender	Male	Title (Pro./Dr.)	Dr.	
Position (President...)	Director of R&D in 3D printing research center	Country	China	
University/Department	Shanghai Research Institute of Materials/Shanghai Engineering Research Center of 3D Printing Materials			
Personal Web Sites				
Research Area	增材制造技术、球形粉末气雾化制备技术、材料基因组技术 Additive manufacturing, Gas atomization technology, and Materials genome initiative			
<p>Brief introduction of your research experience:</p> <p>Dr. L.Zhang currently is the R&D director in Shanghai Engineering Research Center of 3D Printing Materials, Shanghai Research Institute of Materials. Dr. L.Zhang mainly is working in the field of additive manufacturing material development, gas atomization (electrode induction melting gas atomization and vacuum induction melting inert gas atomization), process optimization, materials genome initiative in additive manufacturing.</p>
